

colourful possibilities

Coloured architectural illumination offers infinite possibilities. Bathe a foyer in apricot, pillars in red or a national icon in blue.

Showcraft is Australia's leading specialist supplier of coloured glass lighting filters, dichroic glass lighting filters and colour changing flood light systems.

Projects that use our filters and colour changers include the Melbourne City Link, Victorian Arts Centre, Centre Point Tower Olympic Statues, and 101 Collins Street Melbourne .

Showcraft - your colour source!
